

Fikri Wibowo

Tanjung Priok, Jakarta Utara | 081317986234 | wibfikri@gmail.com | [Linkedin](#) | [Portofolio](#)

A highly motivated web developer with experience in front-end development and basic back-end programming. Skilled in HTML, CSS, PHP, and JavaScript, with hands-on experience in developing websites using WordPress. Familiar with design collaboration tools such as Figma and comfortable working in a team environment to develop features that enhance user experience. Actively seeking internship opportunities to contribute to real-world projects and further develop my technical skills.

Work Experience

PT MegaKapuas

Wix Developer

(Jan 2025 – Present)

- Developing and managing Wordpress websites, creating custom landing pages and product catalogs
- Building custom dashboards using Next.js for lead data storage and marketing analytics
- Collaborating closely with marketing and products teams to optimize website performance and user experience

PT Snillo

Wix Developer

(Nov 2024 – Jan 2025)

- Developing a landing page and booking website for apartment facility reservation using Wix
- Enhanced user experience through responsive and intuitive design

PT Taharica
